Devine Mercy Sunday

On May 5, 2000, Pope Saint John Paul II decreed that the Second Sunday of Easter, the Octave of Easter, would be known as Divine Mercy Sunday. The feast was established by the pope after he canonized Saint Faustina, a humble Polish nun to whom Jesus revealed his message of divine mercy. Born in 1905, she became a member of the Congregation of the Sisters of Our Lady of Mercy at age 20. While at the convent, beginning in February 1931, she received several revelations from Jesus, who communicated to her the depth of his mercy and his desire that all be merciful to one another.

Heavenly Father, you have created all things and we depend upon your loving goodness. You have given us the earth to care for and provide our food.
